Sir,

I wish to place the following representation for the consideration of the Council

Comment
2/6/50

I was posted to this Davangere City Municipality as Municipal Engineer last year and joined duty on the 10th March 1949 As the Council is aware I am in - charge of all the routine works of the Municipality and in addition, the Improvement works and the water supply of Davangere City I may mention that these are three separate units in the other Cities having separate Engineers for each Unit I am, therefore, entrusted here with the work of practically three - Assistant Engineers

The work of the Municipality has been on the increase ever since, I took charge There are the layouts of the cooly colonies forming part of the Improvement works which require urgent attention The three major buildings under execution cost more than two lakhs of rupees It is usual for the P W D to - have separate Sub Divisions for works costing more - than a lakh

Again, the works of the Regulated Market area, for which a separate P W D Range had been formed, are also transferred to the Municipality It is thus - evident, now I am entrusted with such heavy work of more than two Sub Divisions at least

In view of the very heavy responsibility shoved on me and the ~~strenuous~~ strenuous work that has consequently entailed, I request that the Municipality may kindly

recommend to the Government for the sanction of a duty allowance of ~~xx~~ atleast Rs 100/- to me p m from the date I have taken charge in this Municipality

For this act of kindness I shall ever be grateful

Yours faithfully,

A. Ramanuja Iyengar
